

LORINA NACI

Brain and Mind Institute
Department of Psychology
Natural Sciences Building, 241
University of Western Ontario
London, Ontario, CANADA

E-mail: lnaci@uwo.ca
Phone: +1 226-377-2690
Website: www.lorinanaci.org
Nationality: Canada, UK, Albania

QUALIFICATIONS

- 2005 – 2011 **PhD in Experimental Psychology**, University of Cambridge, UK.
Dissertation Title: Mechanisms for the semantic representation of everyday objects in the human ventral stream.
Supervisors: Professor Lorraine K. Tyler and Dr. Richard Henson
- 2002 – 2004 **MSc (Hons) in Artificial Intelligence**, University of Georgia, USA.
Thesis Title: Software to measure rambling, cognitive difficulty and degree expression in schizophrenic speech.
Supervisor: Dr. Michael Covington
- 1998 – 2002 **BA (Hons) in Cognitive Science**, University of Georgia, USA.
- 1998 – 2002 **BFA (Summa Cum Laude) in Fine Arts**, University of Georgia, USA.

EMPLOYMENT HISTORY

- 05/2017— Assistant Professor, School of Psychology and Global Brain Health Institute, Trinity College, Dublin. Ireland
- 2016 –04/2017 **Adjunct Research Professor**, Department of Psychology, Brain and Mind Institute, Western University, London, Canada.
- 2011 – **Postdoctoral Fellow**, Brain and Mind Institute, Western University, London, Canada.
- 2010 – 2011 **Investigator Scientist**, Medical Research Council Cognition and Brain Sciences Unit, Cambridge, UK.

INDIVIDUAL GRANTS/AWARDS, FELLOWSHIPS

- 2017 **L'Oréal-Unesco for Women In Science International Rising Talents Award**, L'Oréal Foundation Paris and the UNESCO International Organization (1 of 15 awardees from 250 candidates; 6% success rate).
- 2016 **L'Oréal for Women in Science Research Excellence Fellowship, with the support of the Canadian Commission for UNESCO** (1 out of 2 fellowships in Canada; 2% success rate).
- 2016 **Selected as the Canadian representative at upcoming L'Oréal-UNESCO For Women in Science International Rising Talents Program.**
- 2016 **Postdoctoral Scholar of the Year**, *Western University*, Canada.
- 2015 **Distinguished Person of the Year**, *Albanian Diaspora of Canada*, Canada.
- 2014 **One of Best 51 Discoveries Since 1878**, *Western University*, Canada.
- 2004 – 2010 **Graduate Fellowship** (\$300,000; 3% success rate), *Jack Kent Cooke Foundation*, USA.
- 2010 **Travel Grant Award** (\$1500), *Brain* (the Journal), UK.
- 2009 **Travel Grant Award** (\$1500), *Brain* (the Journal), UK.
- 2008 **Marie Curie Trainee Award** (\$10,000), *Marie Curie School for Neuroscience*, Italy.
- 2008 **Clare College Graduate Student Grant** (£1,000), *Clare College, University of Cambridge*, UK.
- 2008 **Grindley Research Grant** (£2,000), *Department of Experimental Psychology, University of Cambridge*, UK.
- 2007/2008 **Cambridge Philosophical Society Travel Grant** (£500), *University of Cambridge*, UK.
- 2007 **Graduate Presentation Award** (\$2,000; 2% success rate), *Cognitive Neuroscience Society*, USA.
- 2006 **Travel Fellowship Award** (\$750), *Organization for Human Brain Mapping*, USA.
- 2006 **Grindley Travel Grant** (£800), *Experimental Psychology Society*, UK.
- 2006 **Chibnall Travel Grant** (£1,000), *Clare College, University of Cambridge*, UK.

- 2003 **Richard B. Russell Leadership Fellow**, *University of Georgia*, USA.
- 2002 **MSc Research Award** (\$50,000), *GlaxoSmithKline Inc.*, UK.
- 2002 **All-America Scholar Collegiate Award**, *University of Georgia*, USA.
- 2001/2002 **Presidential Scholar**, *University of Georgia*, USA.
- 2001 **Phi Beta Kappa Honour Society**, *University of Georgia*, USA.
- 2000 **Foundation Fellowship Award** (\$100,000; 0.5% success rate), *University of Georgia*, USA.

PRINCIPAL INVESTIGATOR ON GRANTS

- 2016 **Canadian Institute for Health Research [\$410,000 applied for]**
Role: Principal Investigator
Principal Investigators: **Lorina Naci**, Penny MacDonald, Ali Khan, Lena Palaniyappan
Title: Neuroimaging investigations of functional and structural signatures of Parkinson's disease

RESEARCH COLLABORATOR ON GRANTS

- 2015 **Collaborative Research Seed Grants, Schulich School of Medicine and Dentistry** [\$40,000]
Role: Named collaborator contributing fMRI expertise of patient populations.
Title: Assessing the Reliability of Functional NIRS for Detecting Motor Imagery Brain Activity.
- 2015 **Lawson Strategic Research Fund** [\$45,109; applied for]
Role: Named collaborator contributing fMRI expertise of patient populations.
Title: Neuroimaging of Traumatic Brain Injury in the ICU.
- 2013 **Canadian Institute of Health Research Operating Grants** [\$343,720]
Role: Named collaborator contributing fMRI expertise of patient populations.
Title: The Ethics of Neuroimaging after Serious Brain Injury.
- 2013 **Canadian Institute of Health Research Operating Grants** [\$1M]
Role: Named collaborator contributing fMRI expertise of patient populations.
Title: Improving Diagnostic and Prognostic Accuracy in the Vegetative and Minimally Conscious State.
- 2012 **Canada Foundation for Innovation Leaders Opportunity Fund** [\$1M]

Role: Named collaborator contributing fMRI expertise of patient populations.
Title: From Cognitive Neuroscience to Clinical Practice.

2010 **The British Academy Scientific Meeting Grants** [£10,000]
Role: Named collaborator contributing EEG expertise of cross-modal integration.
Title: Symposium at the Cognitive Neuroscience Society Annual Meeting.

RESEARCH ACTIVITIES

2011 – Present

Media/contributions to the public understanding of science (reverse chronological order)

My work has attracted international attention from the media and has been discussed on TV, radio, in print and online.

Television

Includes: •CTV News •NHK Japan Global News •ONMI 1 •Top Channel

Radio

Includes: •CBC •Radio Canada International •ABC News Radio •Newstalk San Francisco •BYU Radio on Sirius XM •AM 890 •The John Bolton Show •The Pulse •W Radio Miami

Newsprint

Includes: •Neurology Today •The New Scientist •Macleans •La Recherche •The Globe and Mail •The Toronto Sun •La Repubblica •International Business Times •Los Angeles Times •The Times of India •Corriere della Sera •The Daily Mail •The Chicago Tribune •The London Free Press •China Youth Daily •To Vima Greece

Online

Includes: •Science •Nature •BBC •The Times •NBC News •Fox News •Reuters •Sciences et Avenir •Medpage Today •Discovery News •The Verge •IFL Science •JAMA Author Interview •The Huffington Post •The National Post •Australia International Business Times •Google News Today •The Agenda with Steve Parkin

Scientific Reporting

Scientific Reporter for the *Canadian Institute for Advanced Research* Grant Consortium. London, UK. Upcoming, May 24-25 2016.

Scientific Reporter for the *Canadian Institute for Advanced Research* Grant Consortium. Toronto, Canada, 2014.

Editorial Board Membership

Journal: Neuroscience Communications

Peer-Reviewer for Scientific Journals

•Journal of Consciousness Studies •PLOS One •Intensive Care Medicine •Journal of the Neurological Sciences •New England Journal of Medicine •Brain •Annals of Neurology •BMC Neurology vCerebral Cortex •Journal of Experimental Psychology •NeuroImage •Frontiers in Human Neuroscience •AJOB Empirical Bioethics

External Scientific Reviewer

•Cambridge University Press •The Organization for Human Brain Mapping Annual Meeting •Thesis report for the BioSciences Master program at Ens de Lyon, France.

Outreach

2014 Organizer of the Brain and Mind Institute Open Day
2013 Organizer of the Brain and Mind Institute Brain Bee competition
2012 Organizer of the Brain and Mind Institute Open Day

2008 – 2011

Internal Scientific Reviewer

•Decoder Grant Report, University of Maastricht •Decoder Grant Report, Wurzburg University •Decoder Grant Report, University of Liege

Editor-in-chief of BlueSci Science Magazine at Cambridge University

– Managed team of 20 editors in 8 weeks turn-around production cycle of the 32-page glossy magazine, with 5000 copies in print edition.
– Organized science media training seminars with invited speakers from the science media, including from *Nature Network* and the *New Scientist*.

Symposium co-organizer at the Annual Meeting of the Cognitive Neuroscience Society

Researched, co-wrote the proposal, contacted speakers, and helped secure funding (£10,000) for a symposium that brought presentations from 8 senior scientists from France, Israel, England, and the USA to 250 attendees, at the Annual Meeting of the Cognitive Neuroscience Society, 12-15th /04/2008, San Francisco, USA.

INVITED LECTURES

International

“The functional neuroimaging of conscious information processing.” **University of Geneva, Switzerland.** Upcoming, July 1st 2016.

“Real-world cognition in the healthy and disordered brain.” **Cambridge Centre for Aging and Neuroscience, University of Cambridge. UK.** May 2016.

“State-of-the-art neuroimaging techniques for assessing and communicating with severely brain-injured persons.” **American Philosophical Association.** San Francisco. March, 2016.

“Towards naturalistic approaches for detecting consciousness with neuroimaging.” **Association for the Scientific Study of Consciousness. Paris, France.** June, 2015.

“Detecting and interpreting conscious experiences in behaviorally non-responsive populations.” **Towards a Science of Consciousness'. Helsinki, Finland.** June, 2015 [Declined due to timing conflict.]

"Using naturalistic paradigms to probe conscious experience." **Medical Research Council – Cognition and Brain Sciences Unit. Cambridge, UK.** December, 2014.

“Measuring selective attention in brain-injured patients.” **Association for the Scientific Study of Consciousness. San Francisco, USA.** March, 2013.

"Using language for the detection of consciousness in non-responsive patients." **DECODER Consortium Meeting. Rome, Italy.** March, 2012.

"Deployment of brain-computer interfaces for the detection of consciousness in non-responsive patients." **DECODER Consortium Meeting. Brussels, Belgium.** March, 2011.

"Neural gestures to communicate with vegetative state patients." **University of South Carolina. South Carolina, USA.** 2010.

"Are senses enough for sense?" **The Cognitive Neuroscience Society Meeting. San Francisco, USA.** April, 2008.

"Recurrent bottom-up and top-down interactions during multi-sensory object processing" **The Cognitive Neuroscience Society. New York City, USA.** 2007.

"Multi-sensory integration." **Experimental Psychology Society Annual Meeting, Edinburgh, UK.** June, 2007.

Local

"Using anesthesia-induced loss of consciousness to identify biomarkers of conscious awareness in the healthy human brain." **Rotman Institute of Philosophy. London, Canada.** March, 2015.

"Detecting conscious experiences in patients with disordered consciousness." **The Brain and Mind Institute. London, Canada.** January, 2015.

"A common neural code for similar conscious experiences in healthy and brain injured individuals." **Rotman Institute of Philosophy. London, Canada.** September, 2014.

"Anesthesia-induced loss of consciousness." **Skience. Collingwood, Canada.** March, 2014.

"A new fMRI approach for establishing conscious awareness and communication in behaviourally non-responsive patients." University Hospital Critical Care Rounds. London, Canada. February, 2014.

"Using fMRI to assess conscious awareness in patients with disorders of consciousness – practical considerations." Society for the Scientific Study of Consciousness. San Diego, USA. July, 2013.

"Combining fMRI and psychophysiological measures to study conscious awareness in non-responsive patients." Skience. Collingwood, Canada. March, 2013.

"Understanding objects: are the senses enough for sense?" Behavioural Neuroscience Seminars, University of Cambridge. Cambridge, UK. 2007.

PEER-REVIEWED PUBLICATIONS

1. **Naci L.**, Haugg A., MacDonald A., Anello M., Houldin E., Naqshbandi S., Gonzalez-Lara LE., Arango M., Harle C., Cusack R., Owen AM. Functional diversity makes us smarter. Converging evidence from anesthesia-induced unconsciousness, brain injury and intelligence. Under Review.
2. Abdalmalak A, Milej D, Diop M, Shokouhi M, **Naci L.**, Owen A.M., Lawrence K. St. (2017) Can time-resolved NIRS provide the sensitivity to detect brain activity during motor imagery consistently? *Biomedical Optics Express*. *In Press*
3. Gibson, R. M., Chennu, S., Fernández-Espejo, D., **Naci. L.**, Owen, A. M, Cruse, D. (2017) Reply to “Is command following unrelated to top-down attention in consciousness disorders?” *Annals of Neurology*. 81(1):160-161.
4. Sinai L., Owen AM, **Naci L*** (2017). Mapping preserved real-world cognition in brain-injured patients. *Frontiers in Bioscience*. 22:815-823 *Senior Author.
5. **Naci L.**, Sinai L, Owen AM. (2017) Detecting and interpreting conscious experiences in behaviorally non-responsive patients. *NeuroImage*. 145(Pt B):304-313. ***Selected to feature on The Atlas of Science.**
6. **Naci L.**, Graham M, Owen AM, Weijer C. (2016) Covert narrative capacity: A cross-section of the preserved mental life in patients thought to lack consciousness. *Annals of Clinical and Translational Neurology*. 1:61–70. ***Selected for written and audio review in Practical Reviews in Neurology.**
7. Gibson RM, Chennu S, Fernández-Espejo D, **Naci L.**, Owen AM, Cruse D. (2016) Somatosensory attention identifies both overt and covert awareness in disorders of consciousness. *Annals of Neurology* 80(3):412-23.

8. Peterson A, Cruse D, **Naci L**, Weijer C, Owen AM (2015). Risk, diagnostic error, and the clinical science of consciousness. *NeuroImage: Clinical*. 7: 588–597.

SERVICE

Scientific/Academic Leadership

- 2016 – Member of the **Global Women in Science Leadership** Workshop, organized by the Canadian Institute of Advanced Research, Banff, Canada.
- 2015 –2016 Member of the **Advisory Committee on Postdoctoral Affairs at the School of Graduate and Postdoctoral Studies**, at Western University.
- 2015 **Organizer of half-day career workshop for neuroscience trainees** at Western University called “Preparing for the Academic Job Market.”
- 2015 – 2016 Postdoctoral **representative at the Steering Committee of the Brain and Mind Institute**, Western University.
- 2015 – 2016 Organizer and **chair of bimonthly scientific meetings** of the Owen lab (25 attendees).
- 2015 **Co-chair of monthly scientific meetings titled ‘Brains at the Movies’** (6-8 trainees).
- 2013 **Symposium co-organizer at the Association for the Scientific Study of Consciousness**, San Diego, USA.
- 2013 – 2014 **Secretary the Postdoctoral Association** at Western University.
Member of Working Group for Mentoring and Leadership Training of post doctoral fellows at Western University.
Host of external speaker for the Psychology Colloquia Series at Western University.
- 2012 – 2013 **Vice-president for Communications of the Postdoctoral Association** at Western University.
Interviewer for selection of honour research students at Western University
- 2011 – 2012 **Interviewer for selection of honour research students** at Western University.

Volunteering

- 2016 – Ontario Neurotrauma Foundation
 2016 – Ontario Spinal Cord Injury Alliance Solutions

TEACHING/RESEARCH TRAINEE SUPERVISION & MENTORING

Graduate Students

- 2015 – **1 MSc, Neuroscience (Amelie Haugg)**. Exchange/internship student from the U. of Maastricht [supervisor]
- 2015 – **1 PhD, Philosophy (Austin Horn, conference presentations: 2)** [mentor]
- 2015 – **1 MSc, Neuroscience (Max Silverbrook)** [supervisor]
- 2014 – **1 MSC, Neuroscience (Michelle Tran)** [mentor]

- 2014 – 1 MSc, *Medical Biophysics* (Androu Abdalmalak) [mentor]
 2013 – 1 MSc, *Psychology* (Leah Sinai, conference presentations: 2, published manuscripts: 2) [supervisor]
 2012 – 1 PhD, *Philosophy* (Andrew Peterson, conference presentations: 4, published manuscripts: 4) [mentor]

Undergraduate Students

- 2012 – 2013 1 Honours' student (Arnold Lee, conference presentations: 1)
 2011 – 2012 1 Honours' student (Vivian Jia, published paper: 1)
 2012 – 2015 4 Undergraduate Research Assistants (e.g., Mimma Anello, conference presentations: 2; published paper: 1; Alex MacDonald, published paper: 1)
 2012 – 2015 4 Undergraduate Volunteers
 2009 – 2010 8 Part II Psychology
 2008 – 2009 8 Part II Psychology
 2007 – 2009 8 Part II Psychology

Classroom Teaching

- 2004 – 80 Undergraduate students. 'Introduction to Neuroscience' course. University of Georgia, 24h weekly.
